

Central Iowa EMS Directors Association

The 2011 EMT Refresher Program is just around the corner. Save the date now and plan to attend the complete refresher program.

This EMT Refresher Program is designed to provide current information helpful in providing quality patient care in the pre-hospital setting. The content of the course is designed to meet the requirements as established by the National Registry of EMTs. Completion of the program will satisfy the 48-hour refresher training requirements for nationally registered paramedics, 36-hour refresher requirements for EMT-Intermediates, and 24-hour refresher requirements for EMT-Basics.

NOTE: All EMT levels are required to submit a total of 72-hours of Continuing Education for national re-registration.

Updates and further information will be made available at the Central Iowa EMS Directors Association website www.ciemsd.org starting in November.

For more information prior to online registration contact:
