Steve House, Unity Point

1. **Mission Lifeline Iowa Report – No report**, *Will talk with Heather about available Public Education Materials.*
2. **Health System Data Reports:** *Health system reports were received and Katy Hill will send to Brian to post on the website. Discussed adding data elements for inpatient STEMI, patients arriving by POV to STEMI Data set. Hospitals will try to report at the next meeting.*
3. **Improving STEMI Outcomes Meeting**
 - *Tuesday, October 4, 2016, Christopher's Restaurant, Des Moines*
 - *Focusing program and case studies to STEMI's originating at physician offices or urgent care centers*
 - *Physician office and Urgent Care Center will be a target attendee for this meeting*
 - *Training Committee is developing two case studies for presentation*
 - *Operations Committee will develop the flyer and program agenda*
 - *Katy Hill will work on the menu for the meeting.*
4. **Clinic Education** *was discussed. Frank presented a sample of a clinic/urgent care poster/protocol that the group could work on developing. It was mentioned that Mission Lifeline may have one under development as well.*
5. **Public Education:** *Discussed throughout the meeting. Need to develop a focus and plan for educating the public and identify resources available through Mission Lifeline and other venues.*

Next Meeting: Thursday, September 15, 2016, 8:00am, Polk County EMA.
